Research Mentoring and Networking

11:30-12:00 (*Registration via <https://vip4ride.com/>*)

12:00-13:15

Session I – Overview of Research in Supply Chain

Welcome Speech

Evangelos Drimpetas, Professor

Dean of the School of Social, Political and Economic Sciences, DUTH

State of the Art Research in Transport and Supply Chain

Dimitrios Dimitriou, Associate Professor

Chair of 2nd Int. Conference on Intermodal Transports, Department of Economics, DUTH

The Challenges for Studies and Research in U.S.A

Evangelos Kaisar, Professor

Multimodal Intelligent Systems Laboratory, Florida Atlantic University

Will Government Net Zero Carbon Objectives Limit Aviation Growth?

Callum Thomas, (em) Professor

Manchester Metropolitan University

New Trends in Managing Performance in Transport Enterprises

Maria Sartzetaki, Assistant Professor

Department of Economics, DUTH

OHS in Air Navigation Services

Dr. Stylianos Zantanidis, Research Fellow

Department of Economics, DUTH

Ethic Challenges in Modern Business

Dr. Panagiotis Kormas, Research Fellow

Applied Philosophy Research Lab, National Kapodistrian University of Athens

13:15-15:00

Session II - PhD Research Outputs in Supply Chain and Large Infrastructure Management

Measuring Sustainable Development: The case of the critical infrastructure

A. Karagkouni, PhD Candidate

Department of Economics, DUTH

Accessibility and event planning for Cultural Infrastructure

I. Kalenteridou, PhD Candidate

Department of Economics, DUTH

Mathematical Optimization Model for Minimizing the Autonomous Robots Logistic Cost via Artificial Intelligence Algorithm

V. Antonoglou, Graduate Research Assistant

Department of Civil, Environmental and Geomatics Engineering, Florida Atlantic University

CBA Analysis of Energy Projects

P. Zeimpekis, PhD Candidate

Department of Economics, DUTH

Hybrid Sessions

Research Workshops and Scientific Editions

11:15 – 11:30

Keynote address

Prof. Maria Michalopoulou, Vice-Rector of Research and Life-long Learning, DUTH

11:30-15:30

**Session I- Working Meeting of the E.N.I.R.I.S.S.T. Research Infrastructure Project
Technical and Scientific Meeting of the involved partners**

15:30-16:00

Coffee Break

16:00-18:00

**Session II- Working Meeting of the E.N.I.R.I.S.S.T. Plus Research Project
Technical and Scientific Meeting of the involved partners**

18:00 -18:30

Coffee Break

18:30-19:30

Session III- Presentation of New Scientific Editions

"Future Policies and Strategies for Nation Branding"

Victoria Pistikou, Assistant Professor

Department of Economics, DUTH

"Outsourcing and Offshoring"

Dimitrios Dimitriou, Associate Professor

Department of Economics, DUTH

"Air Traffic Management and Control"

Stylianos Zantanidis, Dr, Research Associate, Department of Economics, DUTH

Head, Alexandroupolis "Dimokritos" Airport

"Educational Book for Primary & Secondary School Students"

Maria Lambropoulou, Professor

Department of Medicine, DUTH

20:00

**Participants' Networking Dinner at city of Alexandroupolis
Nisiotiko restaurant (Casual dressing)**

Thursday 14/10/2021

On-site Presentation Sessions (web attendance option provided)

08:30-09:00

Registration on Conference Venue

09:00-10:00

Welcome remarks by the Conference Chair

Dimitrios Dimitriou, Associate Professor, Dept of Economics, DUTH

Conference Host University

Alexandros Polychronidis, Professor, Rector of DUTH

Evvagelos Drimpetas, Professor, Dean of the School of Social, Political and Economic Sciences, DUTH

Konstantinos Hazakis, Professor, Head of Dept of Economics, DUTH

Regional Authorities

Dimitris Petrovits, Vice-Governor, Prefecture of Evros (represented by **A. Tsonis**, Evros Vice-Governor of Tourism)

Ioannis Zamboukis, Mayor, Municipality of Alexandroupolis

Christodoulos Topsisidis, President, Evros Chamber of Commerce and Industry

International Universities and Research Institutions

Pantelis Sklias, Professor, Rector of Neapolis University Pafos, Cyprus

Theodosios Pelegrinis, (em) Professor, Applied Philosophy Research Lab, (former Rector), National Kapodistrian University of Athens

Alexander Skabardonis, (em) Professor, University of California, Berkeley

Evangelos Kaisar, Professor, Director, Freight Mobility Research Institute, Florida Atlantic University

Evangelos Bekiaris, Director of the Hellenic Institute of Transport (HIT) -Centre for Research and Technology Hellas (CERTH)

Organization - Authorities

Georgios Dritsakos, Governor, Hellenic Civil Aviation Authority (HCAA)

Konstantinos Chatzimichail, BoD Chairman, Alexandroupolis Port Authority S.A.

Bill Halkias, President of the International Road Federation (IRF)

Regional Business Associations

Christos Giordamliis, President, Federation of Industries of Evros

Apostolos Palakidis, President, Hoteliers Association of Thrace

Athanasios Pantazis, President, Association of Economists of Evros

10:00-10:30

Message from the Government

Sofia Zacharaki, Deputy Minister of Tourism, Greece

10:30-11:30

Moderator: F. Maris, Professor, Vice-Rector, DUTH

Message from the Industry

Bill Halkias, President of the International Road Federation (IRF), CEO at Attikes Diadromes S.A.

Athanasios Vourdas, General Manager, International Airport Heraklion - Crete (IAHC)

Konstantinos Koutsoukos, CEO, Egnatia Odos S.A.

Skipion Apostolakis, Vice President, MIRTEC S.A. (EBETAM)

Christos Giordamliis, CEO, Prisma Electronics

Chronis Dardabounis, Director of Strategy and Development, Akritas S.A.

Christodoulos Topsisidis, President, Evros Chamber of Commerce and Industry

Apostolos Palakidis, President, Hoteliers Association of Thrace

11:30-13:00

Moderators: *P. Sklias, Professor, Rector of Neapolis University Pafos*
M. Michalopoulou, Professor, Vice-Rector, DUTH

Planning and Operational Challenges**Fair Prices and Global Players in the Port Industry**

Konstantinos Chlomoudis, Professor, Department of Maritime Studies, University of Piraeus

The main dilemmas for railway companies in the domain of freight railway transportation

Christos Pyrgidis, Professor, School of Civil Engineering, Aristotle University of Thessaloniki

Evangelos Christogiannis, Director of track maintenance, OSE

Panagiotis Anastasiou, Civil Engineer, Aristotle University of Thessaloniki

State of the Art Research in Automation and Digitalization in transport sector

Dr. Evangelos Bekiaris, Director, Hellenic Institute of Transport (HIT) & Vice President, Centre for Research and Technology Hellas (CERTH)

Maximizing Multimodal Connections for Improved First-/Last-Mile Freight Transportations: Noteworthy Practices from the U.S. and Europe

Evangelos Kaiser, Professor, Director, Freight Mobility Research Institute, Florida Atlantic University

Innovating for Public Transport Intermodality: the processes of identification and creation

Aristotelis Naniopoulos, (em) Professor, School of Civil Engineering, Aristotle University of Thessaloniki

13:00-14:00**Press Conference to media representatives (At Conference Room)****14:00-14:30****Lunch Break****14:30-14:45****Digitalization and Intelligence in Industry**

Leonidas Christopoulos, Secretary General of General Secretariat of Digital Governance

Moderators: *K. Chlomoudis, Professor, Dept. of Maritime Studies, University of Piraeus*
E. Bekiaris, Director, of the Hellenic Institute of Transport (HIT) - (CERTH)

Developing New Research Infrastructure: The case of EN.I.R.I.S.S.T. and EN.I.R.I.S.S.T.+

Amalia Polydoropoulou, Professor, Department of Shipping Trade and Transport, University of Aegean

Developing Intelligent Services in Transport Sector: The case of East Macedonia and Thrace (EN.I.R.I.S.S.T.+)

Dimitrios Dimitriou, Associate Professor, Department of Economics, DUTH

Applications and tools for improving mobility and accessibility

Dr. Georgia Ayfantopoulou, Research Director – Deputy Director, HIT

Digital strategy and IS in e-government: Assessing users' acceptance and satisfaction

Fotis Kitsios, Associate Professor, Department of Applied Informatics, University of Macedonia

Konstantinos Ioannou, Head of the Cybersecurity Department, Hellenic Ministry of Interior

Maria Kamariotou, Research Associate, Department of Applied Informatics, University of Macedonia

Challenges for promoting commercial activities in Tourist airports

Theodoros Sbiliris, Deputy Chief Development Officer, International Airport Heraklion - Crete (IAHC)

16:00-17:15

Moderators: *C. Pyrgidis, Professor, School of Civil Engineering, Aristotle University of Thessaloniki*
N. Varsakelis, Professor, Dept of Economics, Aristotle University of Thessaloniki

State of the Art analysis framework and applications**ECO Driving: Strategies and Impacts**

Alexander Skabardonis, (em) Professor, Department of Civil and Environmental Engineering, University of California, Berkeley

A Difference-in-Differences Analysis for Capturing the Effects of the Recently Imposed Changes in International Trade Agreements on the Metallic Scrap Cargo Flow

Loukas Dimitriou, Assistant Professor, Department of Civil and Environmental Engineering, University of Cyprus

Procurement of Bus Public Transport Services: Consideration of Multimodality Issues

Panagiotis Papaioannou, Professor, School of Civil Engineering, Aristotle University of Thessaloniki

Georgios Georgiadis, elected Assistant Professor, School of Civil Engineering, Aristotle University of Thessaloniki

Ioannis Politis, Assistant Professor, School of Civil Engineering, Aristotle University of Thessaloniki

New hub for Tourism in Greece: The new airport of Crete

Dr. Ayca Kolukisa, Chief Strategy Officer, International Airport Heraklion - Crete (IAHC)

Measuring Corporate Performance towards Business Resilience

Maria Sartzetaki, Assistant Professor, Department of Economics, DUTH

Hybrid Presentation Sessions

09:00-10:00

Session I- Research Infrastructure Outputs

Moderators: A. Tsirimpa and I. Pagoni

Setting the basis of an Intelligent Research Infrastructure for Shipping, Supply chain, Transport and Logistics (ENIRISST): A Comparative State - of - the - art Review of e- Infrastructures

A. Polydoropoulou, A. Tsirimpa, I. Pagoni, D. Kouniadi

Department of Shipping, Trade and Transport, University of the Aegean

SCOPE project: towards a more efficient freight transport system in Southeastern Europe

D. Nalmpantis, E. Genitsaris, V. Amprasi, A. Naniopoulos, A. Akac, A. Anagnostopoulou

*School, of Civil Engineering, Faculty of Engineering, Aristotle University of Thessaloniki
Hellenic Institute of Transport; Centre for Research and Technology Hellas*

Intelligent cooperative integrated system for road safety and road infrastructure maintenance: ODOS 2020

B. Halkias, H. Tyrogianni, N. Kalfa, K. Argyropoulou, C. Kidikoudis

Attikes Diadromes S.A.

What makes the dockless wheels spin? Exploring factors affecting users' intentions to use Bike Sharing Systems

I. Politis, I. Fyrogenis, E. Papadopoulos, A. Nikolaidou, E. Verani

School of Civil Engineering, Aristotle University of Thessaloniki, Thessaloniki

10:00-11:00

Session II – Logistics in the digital era

Moderators: I. Politis and I. Kalenteridou

Identifying publicly available data sources for freight transportation planning

A. Ballis, T. Moschovou, E. Sfakianaki

Department of Transportation Planning & Engineering, NTUA

Development of a Virtual Maritime Logistics Platform for effective and efficient maritime logistics

G. Aifantopoulou, B. Vassilantonakis, E. Xenou

Hellenic Institute of Transport- Centre for Research and Technology Hellas

Flexible warehousing solutions through the use of Virtual Freight Center in Thessaloniki Region

G. Aifantopoulou, E. Xenou, L. Parodos, G. Tsoukos

Hellenic Institute of Transport- Centre for Research and Technology Hellas

New Technologies and Innovation Department, TREDIT S.A

Challenges and Prospects of City Logistics in the City of Athens

K. Seimeni, A. Tsirimpa

University of West Attica, Postgraduate (MSc) Program of Studies, "New Technologies in Shipping &

11:00-12:15

Session III – AI and Blockchain

Moderators: L. Dimitriou and P. Apalaki

Assessing blockchain technology for certifying eFTI platforms and service providers in E.U.

N. Rachaniotis, M. Masvoula, T. Dasaklis, G. Chondrokoukis, E. Kopanaki

University of Piraeus

Google's VRP free algorithm evaluation study and its use in small and medium transportation problems

A. Pantopoulos, E. Chrysochoou, A. Ziliaskopoulos, A. Lois

Department of Mechanical Engineering, University of Thessaly

System Optimization Lab, Department of Mechanical Engineering, University of Thessaly

Distributed ledger technologies for the sustainable supply chain

K. Ilchenko, D. Polish, A. Puhachova, M. Reeves

IntellectEU

Testing a mobile routing application focusing on usability and user experience

E. Chalkia, E. Bekiaris, G. Yanniss

Hellenic Institute of Transport (HIT) of the Centre for Research and Technology Hellas (CERTH)

Department of Transportation Planning and Engineering, National Technical University of Athens

Internet Service for Vehicle Routing Problem with Time Windows based on a Metaheuristic Approach and OSRM

E. Spyrou, A. Anagnostopoulou, A. Aggelakakis, A. Tromaras, M. Boile

School of Electrical and Computer Engineering Aristotle University of Thessaloniki

Hellenic Institute of Transport Centre for Research and Technology Hellas

Department of Maritime Studies University of Piraeus

12:15-13:15

Session IV – Freight Cargo: New Challenges Ahead

Moderators: C. Pyrgidis and A. Lois

Practical and theoretical optimisation perspectives of agricultural transport

A. Ballis, G. Kasselouris

Department of Transportation Planning & Engineering, NTUA

Railway freight: Cutting-edge technologies in the domain of rolling stock manufacturing and network operation

C. Pyrgidis, A. Dolianitis

Aristotle University of Thessaloniki

Identification of Truck Parking Locations in Florida State with Spatial Analysis Tools

V. Antonoglou

Department of Civil, Environmental and Geomatics Engineering, Florida Atlantic University

Interregional analysis and network indices for road freight flows in Greece

T. Tsekeris

Centre of Planning and Economic Research (KEPE)

13:15-14:15

Session V – Intermodality: Efficient Planning and Performance

Moderators: N. Rachaniotis and M. Sartzetaki

A conceptual model for intermodal transport databases

A. Ballis, T. Moschovou, B. Babalis

Department of Transportation Planning & Engineering, NTUA

Enabling public engagement for fostering intermodality

V. Amprasi, E. Genitsaris, A. Naniopoulos, D. Nalmpantis

School of Civil Engineering, Faculty of Engineering, Aristotle University of Thessaloniki

Enhancing multimodal transport operations in the Adriatic – Ionian region

M. Miltiadou, E. Bouhouras, G. Mintsis, S. Basbas, C. Taxiltaris

School of Rural & Surveying Engineering, Aristotle University of Thessaloniki

Investigating the potential of ride-sharing services in Thessaloniki, Greece

P. Igoumenidis, I. Politis, G. Georgiadis, and A. Kopsacheilis

Transport Engineering Laboratory, School of Civil Engineering, Aristotle University of Thessaloniki

14:15-15:30

Session VI – Decision Making and Management

Moderators: F. Kitsios and A. Karagkouni

Multimodal Freight Transportation: Support to Decision-Making Processes within the European Region

P. Nikolaou, L. Dimitriou

Department of Civil and Environmental Engineering, University of Cyprus

Graph-based Information Dissemination for Supporting Real-Time Decision-Making in Transports

C. Tryfonopoulos, L. Zervakis, P. Raftopoulou

Department of Informatics & Telecommunications, University of the Peloponnese

How to enhance the capacity of a regional ecosystem towards the development of intermodal transport innovation?

E. Genitsaris, V. Amprasi, A. Naniopoulos, D. Nalmpantis

School of Civil Engineering, Faculty of Engineering, Aristotle University of Thessaloniki

Strategic Employee Relations Management and Business Strategy: Choices and Outcomes

E. Triantafyllidou

Department of Economics, Democritus University of Thrace

Managing Occupational Health and Safety in PPP/Concession Infrastructure

K. Papakostas, D. Dimitriou

Olympia Odos

Department of Economics, DUTh

15:30-16:45

Session VII– Risk Mitigation and Contingency

Moderators: M. Chalaris and G. Sklias

Managing intermodal transportation of hazardous materials accident using free software applications

M. Chalaris

Department of Chemistry, School of Science, International Hellenic University

European Risks from Disease Spreading Scenarios: Critical airports, Stress- Tests and Passengers Monitoring

P. Nikolaou, L. Dimitriou

Department of Civil and Environmental Engineering, University of Cyprus

Impact of driver feedback on behavior and safety through a smartphone application

A. Kontaxi, A. Ziakopoulos, P. Papantoniou, G. Yannis

School of Civil Engineering, National Technical University of Athens

University of West Attica

A review of the transport sector: Notes from the post-COVID-19 era

D. Chatzinikolaou, D. Dimitriou

Department of Economics, Democritus University of Thrace

Disaster Risk Analysis for Critical Infrastructure

D. Dimitriou, A. Karagkouni, G. Sklias

Department of Economics, Democritus University of Thrace

16:45-18:00**Session VIII – Sustainability and Resiliency****Moderators: P. Papantoniou and V. Pistikou****What does Sustainable Development mean for an Airport?**

Callum Thomas

Department of Natural Sciences, Manchester Metropolitan University

A National Cost Benefit Analysis for Electromobility: the case of Cyprus

F. Alogdianakis, L. Dimitriou

Department of Civil and Environmental Engineering, University of Cyprus

Market viability of innovative ITS solutions for fuel consumption reduction of heavy duty road vehicles

D. Margaritis, S. Öncü, K. Koprubasi, T. Desseilles, J-C Pandazis

Centre for Research and Technology Hellas (CERTH)/Hellenic Institute of Transport (HIT)

FORD OTOSAN

Sustainable intermodal supply chain management for perishable food products

V. Yakavenka, D. Vlachos, I. Mallidis, D. Bechtsis

Department of Mechanical Engineering, Aristotle University of Thessaloniki

Department of Statistical and Insurance Science, University of Western Macedonia

Department of Industrial Engineering and Management, International Hellenic University, Greece

Airport Sustainability Performance Evaluation based on their Environmental Strategy

A. Karagkouni, D. Dimitriou

Department of Economics, DUTH

18:00-19:15**Session IX – Technology and Electrification****Moderators: S. Stavrakoglou and A. Thanos****Motorway capacity under normal and autonomous driving conditions**

P. Papantoniou, V. Kalliga, C. Antoniou, D. Sermpis, B. Halkias

University of West Attica

Technical University of Munich

Attikes Diadromes S.A

The impact of technology on digital transformation: A literature review

V. Tsiavos, F. Kitsios

Department of Applied Informatics, University of Macedonia

A framework for the "humanization" of Autonomous Vehicles

P. Papantoniou, C. Antoniou

University of West Attica

Technical University of Munich

Investigating mobility characteristics in University of West Attica. The case of an electric bus

M. Zisi, N. Arvanitakis, K. Sitermegia, E. Michelakaki, A. Stamatiou, A. Souflas, P. Papantoniou

University of West Attica

Investigating gaps in electromobility: The case of Region of Attica

F. Orfanou, P. Papantoniou, G. Yanniss, E. Vlahogianni

Department of Transportation Planning and Engineering, National Technical University of Athens

University of West Attica

19:15-19:30**2nd Day of Conference Closings**
